# Stardust Sinfonie

Conception in general : Roswitha Meyer

09/18/2017

Flute : Roswitha Meyer

Marimba : Jannik Becker

Fulldome projections : Simon Plate

## Program "Home Planet"

Here you'll spend a whole evening with the wonders of our home planet seen from above as the astronauts can see it and the satellites make pictures to tell us how marvellous it looks like.

Realized with the sound of a Marimba and the floating lines of a flute you'll hear music of Debussy, Chopin, Satie and others. A journey around the world will take place.

**Booking : possible at any time**

**1. Title:**

- "Home Planet"
- The title can be changed if requested.

**2. Program summary:**

- Concert under the dome of a planetarium or on stage at special places and events, indoor and outdoor.
- Music of impressionism, dreamily and cushy and of some deep moments.
- Remarks of the geneticist of paleontology Svante Pääbo (research of Neandertal).
- Live switch to ISS-cameras ( International Space Station ).
- The audience can be part of the show.
- Duration : 90 minutes

**3. Persons involved:**

- 2 musicians - flute und marimba
- 1 responsible person of the planetarium oder alternatively: host VJ for the projektions.

**4. Host & contact person**

- The host of the concert can be a planetarium or alternatively every booking organisation.
- For artistic affairs the contact person will be Mrs Roswitha Meyer.

News from the artists :

**STARDUST SINFONIE** is our new name since April 2017 - the former name was **BLUE PLANET MUSIC**.
